EXPERT TEAM

ENGINEERS. MECHANICS. PERFORMANCE.

DRIVE
DEVELOP
PROGRESS

EX F1 ENGINEERS & MECHANICS

- Trackside team led by ex-Formula 1 engineers and mechanics
- Decades of top-level motorsport experience
- Operated with world-class drivers and cutting-edge technology
- Expertise in high-pressure, elite racing environments
- Known for attention to detail, technical precision, and performance focus
- Support includes chassis setup, data analysis, and race engineering
- Delivers a factory-level standard rarely found outside official programmes

MULTI-CAR, MULTI-DRIVER

- Multi-driver, multi-car, multi-day test days designed for flexibility and efficiency
- Supports driver rotation through a single chassis or parallel multi-car running
- Infrastructure and technical support provided to maximise track time
- Includes tailored run plans, on-site engineering, and coordinated operations
- Enables meaningful testing, comparison data, and driver development
- Ideal for driver academies, junior programmes, and talent evaluation
